Ultra-Compact Punch Unit – A Plus for Your Production

The central feature of the ACCUMATION automated punching press is the ultra-compact punch unit. It permits a high degree of flexibility in a compact package.

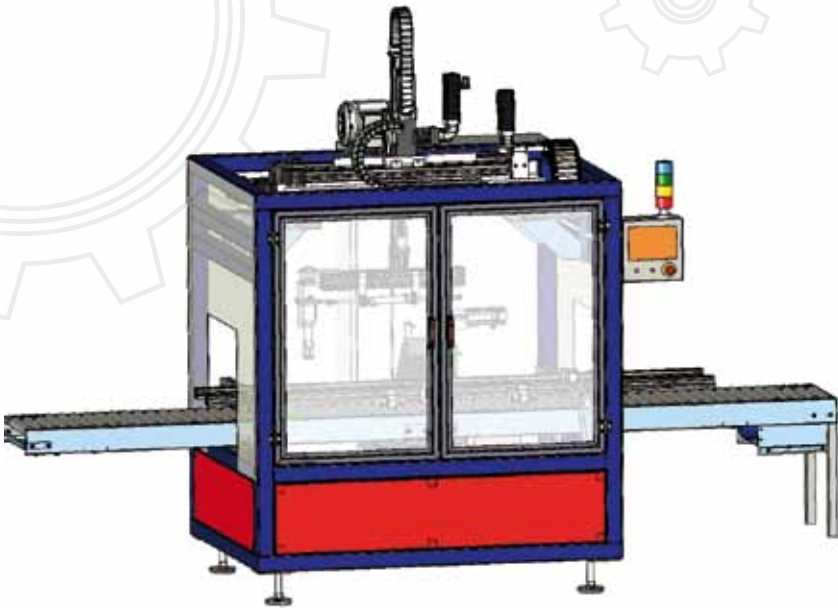

Benefit from the advantages:

- + Ultra-compact dimensions
can also be used for LO boxes
- + Universally usable
for cars and trucks,
suitable for LO to A types
- + Interchangeable punches
and dies
- + Very long service life due to
the special thermochemical
treatment of all components

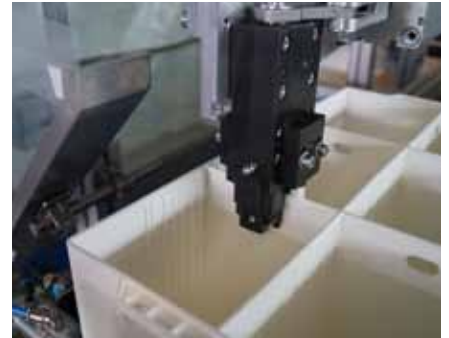

*MACHINES FOR
BATTERY PRODUCTION AND SPECIALISED
MECHANICAL ENGINEERING*

Complete, fully automatic punch press system for car and truck battery cases.
Output of 5 to 6 batteries.

Punching head in use
